GEOPHYSICS

A Journal of General and Applied Geophysics

VOLUME III JANUARY NUMBER 1

BILINSKY, S.: On the Field Due to a Vertical Line Source of Current Grounded to Earth 58
GARDNER, D. H.: Measurement of Relative Ground Motion in Reflection Recording 40
MELTON, E. R.: A Military Aspect of Exploration Geophysics. 46
ROSAIRE, E. E.,: On the Strategy and Tactics of Exploration for Petroleum. II 22
RUST, W. M., JR.: A Historical Review of Electrical Prospecting Methods 1
WATSON, R. J., JOHNSON, J. F.: On the Extension of Two-Layer Methods of Interpretation of Earth Resistivity Data to Three and More Layers 7
Review
"Introduction to Theoretical Seismology, Part I, Geodynamics," J. B. Macelwane and F. W. Sohon, S.J., by M. M. Slotnick 63
The Society Round Table
Membership Applications Approved for Publication 65
Program for Third Mid-Year Meeting, November, 1937 .. 66
Important Notice 68

VOLUME III MARCH NUMBER 2

EVJEN, H. M.: Depth Factors and Resolving Power of Electrical Measurements 78
JAKOSKY, J. J.: Continuous Electrical Profiling 130
KARCHER, J. C.: A Review of the Relation between Physics and Geology in Petroleum Exploration 69
LYNTON, EDWARD D.: Recent Developments in Laboratory Orientation of Cores by Their Magnetic Polarity 122
ROSAIRE, E. E.: Shallow Stratigraphic Variations over Gulf Coast Structures 96
Discussion by W. Armstrong Price 115
Discussion by I. I. Gardescu 116
Discussion by A. A. Seager 119
Discussion by B. B. Weatherby 120
Discussion by S. A. Judson 121
Review
"Ground Water," C. F. Tolman, by Glenn E. Bader 154
In Memoriam: John F. Riddle 156

The Society Round Table
Membership Applications Approved for Publication..... 157
Program of the Annual Meeting..... 159
Minutes of Business Meeting..... 161
Report of the Secretary-Treasurer..... 162
Membership List and Addresses..... 164

VOLUME III JULY NUMBER 3

DEUSSEN, ALEXANDER: Discoveries..... 177
HAWLEY, PAUL F.: Transients in Electrical Prospecting..... 247
JOHNSON, CURTIS H.: Locating and Detailing Fault Formations by Means of the Geo-sonograph..... 273
KLAUS, H.: An Introduction to the Second Derivative Contour Method of Interpreting Torsion Balance Data..... 234
MARTIN, M., MURRAY, G. H., GILLINGHAM, W. J.: Determination of the Potential Productivity of Oil-Bearing Formations by Resistivity Measurements..... 258
MITERA, Z. A.: Present Status and Future Aspects of Geophysical Exploration in Poland..... 225
MUSKAT, MORRIS: The Reflection of Longitudinal Wave Pulses from Plane Parallel Plates..... 198
RANSONE, W. R.: Seismic Exploration in Eastern Venezuela.. 219
In Memoriam: Wendell Blessing..... 292
The Society Round Table
Membership Applications Approved for Publication..... 293

VOLUME III OCTOBER NUMBER 4

COWLES, LAURENCE G.: The Adjustment of Misclosures..... 332
ELKINS, THOMAS A., HAMMER, SIGMUND: The Resolution of Combined Effects, with Applications to Gravitational and Magnetic Data..... 315
GREEN, C. H.: Velocity Determinations by Means of Reflection Profiles..... 295
LAWLOR, REED: Nomogram for Dip Computations..... 349
ROCK, S. M.: Three Dimensional Reflection Control..... 340
WEST, S. S.: Electrical Prospecting with Non-Sinusoidal Alternating Currents..... 306
Reviews of Recent Publications
Practical Seismology and Seismic Prospecting. L. D. Leet. (M. M. Slotnick)..... 358
The Society Round Table
Membership Applications Approved for Publication..... 359
Amendments to the Constitution..... 361
